WITH Thurman out of the Senate, Blaine, Edmunds and Conkling will have everything their own way.

GEN. GEORGE A. SHERIDAN, of Louisiana, who did such excellent service in Ohio, is now canvassing New York.

MCKINNEY, Chairman of the Ohio Democratic Committee, admits that the bottom has fallen out of the Thurman movement, and says the Democrats of that State are now for Tilden.

UNLESS the Democrats succeed in electing the next President, as they will not, they will never elect another. The enormous growth of the Western States will count after the next apportionment and the Solid South will count for less.

A STORM of applause greeted the statement made by John W. Forney at a political meeting in Philadelphia the other night, that "the people would call a quiet soldier to fill the Presidential chair next year."

IOWA gave a Republican majority of seventy thousand. Iowa is a land of free schools. Webster's Unabridged Dictionary are to be found in a large number of homes there. Iowa pays her debts honestly and faithfully. Iowa is a good Republican State.

OWING to the large edition, increased size, double front-pieces, etc. of the November numbers of Scribner's Monthly and St. Nicholas, it has been found necessary to appoint the day of issue later than usual. Scribner's Monthly (edition 100,000) will be ready October 22d. It will be "an agricultural number" containing half a dozen papers of the highest interest to farmers and others interested in rural life, besides a portrait and copy of bass relief of Bayard Taylor, and the beginning of a new serial story by George W. Cable. St. Nicholas permanently enlarged, printed on heavier paper, with wider margins, and having many special attractions, will be issued on the 25th. New volumes of both magazines are begun with these numbers.

"You Don't Know Their Value." "They cured me of Ague, Biliousness, and Kidney Complaint, as recommended. I had a half bottle left which I used for my two little girls, whom the doctors and neighbors said could not be cured. I am confident I should have lost both of them one night if I had not had the Hop Bitters in my house to use. I found they did them so much good I continued with them, and they are now well. That is why I say you do not know half the value of Hop Bitters, and do not recommend them highly enough."

Our neighbors of the legal persuasion of Chattanooga are kept among us in attendance upon Supreme Court so long that they will soon begin to learn city ways, and we can't see how they will manage to content themselves to return.

FOREST CITY, ARK., Oct. 21.—J. H. Warren, Mrs. J. B. Cummings and Miss Lillian Prewitt have yellow fever. The disease is very malignant. Thirteen out of sixteen persons attacked have died. The weather is too warm, and the worst is feared unless it becomes colder.

THE INDIANS.

SAN FRANCISCO, Oct. 21.—A Tucson, Arizona dispatch says advice from Mesilla, New Mexico, by mail, state that among those killed by Indians in New Mexico is W. C. Hinds, U. S. Collector. A large body of Indians are reported concentrating between Colorado and Hillsboro. It is currently reported that a company of Indian scouts have deserted our forces and joined the enemy.

FOREIGN NEWS.

LONDON, Oct. 21.—Supply trains in the Khyber Pass are completely blocked up. Attacks have been made on the British by tribes in the Khyber Valley since the 12th. It is expected that Yakob Khan's son, five years old, will be recognized as successor to the throne.

The report of the capture of Merr is undoubtedly false.

Ex-Empress Eugenie will go to Zuluand to pray on the spot where her son was killed.

ST. PETERSBURG, Oct. 21.—The *Golos* expresses astonishment at the tone of the hostility toward Russia, in the prevailing speech of Lord Salisbury at Manchester Friday night last. The *Golos* says: "If the reported Austro-German alliance proves to be a reality, Russia must secure to herself allies to act in the rear of her enemy in case of an emergency. Lord Salisbury's speech not only opens Russia's eyes, but gives her freedom of action."

A Russian official messenger states there has been an immense fire at Ufa. More than one-fifth part of the town was consumed and many persons killed. Loss of property enormous.

BERLIN, Oct. 21.—Herr Von Berger, leader of the National Liberals, has been selected as the candidate of the Conservatives and National Liberals for President of the Russian Diet. It is believed that this proposal emanates from Bismarck, and is intended as a notice to clericals not to be exorbitant in their expectations.

PARIS, Oct. 21.—Numerous committees have been formed here for relieving the sufferers by the flood in Spain. It is stated that King Alfonso has declared that in view of such a calamity, all sums which individuals or public bodies intend contributing towards the celebration of his marriage, be devoted to the relief of the sufferers.

WASHINGTON, Oct. 19.—The Democratic members of the Committee of Senators which went to Kansas to investigate the charge that Senator Ingalls procured his re-election to the Senate by improper means, returned here to day, having left Senators Cameron and Logan, the Republican members, at their homes en route. The committee do not hesitate to say that the investigation was a failure so far as any attempt to show corruption on the part of Senator Ingalls was concerned, and they will report his perfect vindication of the charges.

Grand Methodist Love-Feast.

PORTSMOUTH, N. H., Oct. 19.—Arrangements are making for a mammoth National Methodist meeting at old Orchard Beach in July, 1880, which is proposed to be a gathering of all the Methodists in the country, and in which the several Bishops are invited to participate.

AFTER stating that the Democratic party in Kentucky is responsible for the terrible abuses in that State, the Louisville News and Post (Dem.) has the following:

"Home rule we clamor for, but what good has it brought us? Simply the right to murder one another without the fear of punishment; simply impunity when the school fund is plundered. It degrades our Judiciary; it weakens the Executive; it is the last nature with weak, wicked, and incompetent men, and empties the State treasury without decreasing the taxes. These things are known of all men; they are paraded in the North with hypocritical amazement, and like silly school children, we report that Ohio is as bad."

About the enforcement of the laws, it also says:

"The Democratic party will not do this; it is weak and cowardly. Its leaders seem to live only with the hope of some day holding a Federal office, where the pay is as great as the leisure. In order to keep one's 'record' straight they will overlook any crime, it matters not what its character. The Legislature is time-serving; many of the Judges are self-serving, and the Governor is a sentimentalist, who is determined to make justice a farce, and loyalty to law odious. The only persons in the community who have nothing to blush for are the pardoned convicts."

Now for the Fair.

Knoxville's next "boom" will be the great Stock Show and Fair, which is to take place on the old fair grounds, commencing next Tuesday, 23rd inst., and continuing three days. All eyes are pointed in that direction, and all energies are bent upon the arrangements therefor. It is expected that there will be on display the finest and best assortment of stock, blooded, graded and scrub, ever seen at Knoxville.

The speed ring will constitute a chief and interesting feature of the occasion. Some of the best and fastest stock in East Tennessee, and perhaps other States, will be here, in fact is already here, some of it, training, and will contest for the valuable premiums offered. The news comes to us from all sources, that the people are stirred up and making preparations for this event, and a tremendous crowd of people is expected here.

New Journalistic Enterprise.

The publication of *The Statesman*, a new weekly paper, is soon to be commenced at Jonesboro' by C. M. Harris, formerly of the Whitesburg Independent. It is to be a soundly Republican in politics, and devoted to home interests, and the interest of the Republican party. From a personal acquaintance with the publisher, he having been formerly employed in the CHRONICLE office, we can safely and cheerfully recommend him and his enterprise to the reading public in reach of Jonesboro'. Mike has the practical knowledge and energy and pluck to make a success of it. We hope his most sanguine expectations may be realized.

River News.

Our special river reporter, Commodore Homer, reports the arrival yesterday of seven rafts of logs for Mr. Rouser. No boats have come down on this side, it having been unexpected to the river men. The river is now seven feet above low water mark.

Holston Conference Services.

The event of session of the Holston Conference of the M. E. Church, just held in this city, was the sermon Sunday forenoon in the First M. E. Church, by Bishop I. W. Wiley, who has presided over the Conference. He was greeted by an immense congregation, the large and splendid auditorium of the church being literally packed, and a great many were unable to obtain admission. After singing by the choir, and a powerful, fervent and eloquent prayer by Rev. E. B. Clark, the Bishop announced his text, which was the 49th Psalm, 8th verse, "For the redemption of the soul is precious, and it ceaseth forever." His theme was, "Redemption of the Human Soul." It was a grand and magnificent sermon; deep, logical and profound in Christian doctrine, yet so plain and simple and so excellently delivered, as to be understood by the merest child. Bishop Wiley is conspicuous among the great, noble and true men of the age. This fact is clearly evinced in his every act both public and private.

At the close of the service the following were ordained by the Bishop as Deacons in the Church: Geo. W. Jarvis, Wm. T. Senter, Geo. M. Stone, Mark W. Broyles, John N. Trotter, H. B. Ogle, E. C. Robertson, D. P. Wilcox, Judson S. Hill, Andrew J. Fletcher, O. M. Hyspher, Samuel Nelson.

A Conference love feast was held in the church at 2 o'clock, p. m., conducted by Rev. W. M. Haskell, and at 3 o'clock an excellent sermon was preached by Rev. Prof. L. B. Caldwell.

After this sermon the following class of Elders was ordained by the Bishop: D. S. Hodsden, T. B. Russell, M. R. M. Burk, J. D. Roberts, C. S. Long, A. C. Peters, J. C. Wright, T. P. Rutherford, John Marshall.

At 7 o'clock the church was again crowded, and a splendid sermon was preached by Rev. Dr. R. S. Rust. Other pulpits over the city were filled by various members of the Conference, and a splendid sermon was preached by Rev. Dr. R. S. Rust.

FINAL ADJOURNMENT.

With Monday night's session the labors of the Conference were closed, the ministers were given their appointments, and they go forth to battle for another year. The session throughout has been a remarkably harmonious and pleasant one. There was an unusually large attendance of ministers, and it was a noble, manly and zealous body of Christian workers. The good and venerable Bishop Wiley presided excellently. This is his first visit to the Conference, and by his pleasant relations, and nobleness of character, he has established himself in the confidence of all in such a manner that will not soon be forgotten.

The next session will be at Greenville in October, 1880. Most of the ministers will take their departure today.

"To ascertain the year in which any Congress closed, double the number of the Congress and add 1,759 to the product."—*Boston Advertiser*.

"To ascertain the virtues of the present Congress, divide 1879 by itself and subtract one."—*Cincinnati Commercial*.

Yes, both of these are true, but to ascertain the chances for the Democrats controlling the next Congress, divide 1879 by 1879, subtract one and divide the quotient by 1,759. The result will be accurate.

The False Notions.

Exist in the minds of many otherwise intelligent people as to the requirements of a disordered stomach or liver. The swallowing of nauseous and powerful drugs is the way to encourage, not to cure dyspepsia and liver complaint. Nor can a purgative or cathartic disordered condition of the bowels be remedied by similar treatment. Last accessible and thorough knowledge of ancient and modern medicine is the reverse of unpleasant and never produces violent effects, is far preferable to medicines of the class referred to. It induces new vigor into a feeble system, clears the mind while it strengthens the body, and is a complete reform in the treatment of the disorders of stomach, bowels and liver. Aspects and sleep are both promoted, uterine and kidney affections greatly benefited by its use. It is a perfect and comprehensive and nutritious preparation, free from drawbacks of any kind.

Base Ball at the Fair.

The following communication has been received by the manager of the "Scrubs" base ball club of this city, and will explain itself:

MOSSY CREEK, Oct. 20, 1879.

"SCRUBS" B. B. Club, Knoxville: We, the members of the "National Dead Beats" B. B. C., will be at your place to enter in the series of games of ball for the championship, to be played during the Fair next week; J. C. Ashmore, R. L. Watkins, S. L. Guimier, Jr., H. D. Fawcett, J. H. Skyles, L. Beck, Jr., C. D. Reese, B. Newman, W. E. Howell, S. M. Brauner.

Can't We Have a Bench Show?

Among the many other arrangements for our coming Fair, the last week in the month, it is suggested by some of the dog fanciers of the city that a bench show be arranged for. It is known that some eight or ten fine pointers and setters can be mustered in the city for entry, and it is more than likely, if inducements were offered, more could be drawn out. The points of exhibition will be the good breeding, and also field trial. It could be made an interesting feature.

The noon train yesterday had a good lot of emigrants aboard, bound for the far West. Emigrant Agent Wm. Kerr sold about 15 tickets.

The First M. E. Church Choir.

We feel it due to the choir of the First M. E. Church, that some acknowledgment should be made of their services during the session of the Conference in that Church. They were faithful and ready at all times when their services were needed, and the excellent music furnished by them was a great help in the public worship, and was universally admired and favorably commented upon. Prof. John Marshall, is leader and organist, and no better musician is to be found. His excellent lady, Mrs. Marshall, is leading soprano. She has a remarkably sweet and well trained voice, and her singing is almost faultless. The other members all sing well. They are, soprano, Mrs. Edna M. Ward and Miss Fannie Hudiburg; alto, Miss Lizzie Richards; tenor, D. J. Hope; bass, M. L. Howell and W. W. Scarborough.

In the Country.

MR. EDITOR: While visiting the country recently, I saw on the farm of Mr. George Tindell one of the largest hogs I have ever seen. I was requested to go and take a look at the monster. Before reaching the pen, the hog, startled by some noise, got upon his feet by a great effort, his head protruding from the door, which looked to me to be about three feet broad. After a little coaxing, he started out of the pen, making a noise similar to an approaching cyclone. I did not stay to see him any further. I looked back on reaching the top of the hill and he was still coming out of the pen. It is estimated that he will weigh fourteen hundred pounds.

The farmers, I noticed, were busy sowing wheat, since the recent rains. I noticed wheat that was drilled had stood the drought better than wheat that was sown broadcast.

The approaching fair is the theme of conversation in the country. Some are coming to see one thing and some another, and not a few are coming to see the great hog, spoken of above, which will doubtless be on exhibition.

I heard a good anecdote on a young country gentleman. Going out upon the ridge one morning, he thought he saw honey-bees going into a hole high up the tree. He went running back to the house, breathless, almost, narrating what he had seen in a great deal less time than it takes to write it. The father, the son, and some of the neighbors, back upon the ridge to cut down the tree. After cutting for a half hour the tree is felled. They all run up to it to see who can get the first dip at the honey, when lo! two or three little red wasps come flying from their last earthly habitation. Name the tree to that young man, if you want to get a row on your hands.
